

Birmingham Show Tree of Life October 2011

Dear Stephen

I cannot believe after trying so many therapies and medicines for 12 years you can treat me for 7 minutes and completely cure me of my debilitating hot flushes.

I would literally burst out in sweats with no warning many times throughout the day & evening.

Having tried all sorts of medicines for hormone balance without success you found the cause within minutes.

I want to thank you so much for giving me instant relief of the problem I thought would never go .

Best Wishes

Mrs J, N Moseley, Birmingham
